Thank You

Moving Ohio Forward is grateful for the support Ohioans of all walks of life have shown for our candidates and our efforts. Thank you to our supporters and to the voters for electing pro-education and pro-middle class candidates.

Election Results

On election night, voters across Ohio sent a strong message by electing leaders who support public education and stand with middle class families. Despite drawing an unfair, gerrymandered map, the majority party in the Statehouse lost two of its members who voted for \$1.8 billion in cuts to education, and every candidate who opposed their extreme agenda was re-elected.

What It Means

Governor Kasich and Statehouse leaders should read Tuesday's results as a repudiation of their extreme agenda. They should work to restore funding to our schools, stop attacking Ohio's teachers, police, firefighters and other public servants and start reaching across the aisle to create jobs, improve our education system and move our state forward.

Our victories and strong challenges demonstrate that public officials will be held accountable for their extreme agendas. Moving Ohio Forward will continue fighting for quality education, adequate healthcare, good jobs, and a strong middle class in Ohio.

Outstanding Races

Two House races remain too close to call as the small number of votes separating the candidates is far outweighed by the number of ballots remaining to be counted. We will monitor these races and are optimistic that Josh O'Farrell and Matt Patten will prevail.

Victories

We are proud to have worked for the re-election of candidates like Rep. Connie Pillich and Rep. Roland Winburn, who will continue to be tireless advocates for our children. We are especially proud that education leaders like teacher John Patterson and school board member Heather Bishoff are headed to the Statehouse. And we know that middle-class champions like Nick Barborak and John Rogers will be strong voices for Ohio's workers.

Click on the links below to learn more about these State Representatives and Representatives-elect.

House District 5
Nick Barborak

House District 20
Heather Bishoff

House District 28
Connie Pillich

House District 43
Roland Winburn

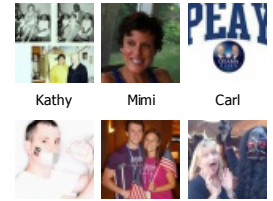

House District 60
John Rogers

House District 99
John Patterson

@movingOHforward

This is nonsense. Our "leaders" should focus on jobs, health care, and education - not this kind of an agenda...
